

# Hello Everyone

## by Rev. Lauren Skye

I am happy to begin this newsletter with an announcement of transition. I have just changed my name from Lori Clouden to Lauren Skye. My intentions in making this change are to celebrate and honor a level of transition within myself; to integrate many years of growth and change into present time; to reaffirm my commitment to growth; and to celebrate life.

As I write these words on Thanksgiving day, my heart is full with gratitude for each of you and for this wonderful journey of life. Thank you. Thank you for being you, for being here now as the bright spirit that you are, and for letting your light shine. May your holiday season bring the gifts of love and peace.
